

The Director of Central Intelligence

Washington, D. C. 20505

1 March 1986

MEMORANDUM FOR: The Honorable Donald T. Regan
Chief of Staff to the President

Vice Admiral John M. Poindexter, USN
Assistant to the President for
National Security Affairs

SUBJECT: NASA Candidates

Anne Armstrong called me with three other names for the NASA job:

- Allen Puckett, who will soon be retiring as Chief Executive of Hughes, at 56, when General Motors takes it over.
- Ruben Mettler, Chief Executive of TRW.
- Bill Miller of Stanford Research

These people are probably on your list but they come from Bud Wheelon and I send them just in case they make any contribution.
